Make Your Plans Now For The 99th Annual Banquet

This year's Radio Club banquet and awards ceremony is set for Friday, Nov. 21 at the New York Athletic Club, so mark your calendar now to join in the excitement. Plans are being finalized for the speaker and for the cost of the tickets. More information will follow in our next issue.

The RCA Technical Symposium is taking shape for 2008, with several speakers under consideration. This year's event, which immediately precedes the 99th Banquet and Awards, will start an hour earlier, at 2 p.m., to accommodate additional presentations that will cover several technologies and uses of radio. Also being considered are discussions about a significant pioneer of early radio technology. In addition, a demonstration of classic radio principles is being set up, sponsored by Radio Waves. Please contact [Rich Reichler](#) if you would like to support the Symposium in any way or to provide any other helpful thoughts.

Did You Find The Error In The *Spring Proceedings*?

You may or may not have noticed the major error made by our printer in our *Spring 2008 Proceedings*. Some of the pages are out of order, and some pages are missing. The printer has apologized for this problem and is rerunning the entire job. Every member will be receiving another copy of the *Proceedings* at no cost to the Club. They should be mailed out shortly.
